

LETTER OF REFERENCE

I have known Anthony Van Der Rheede personally for the past 20 years during which time he has providing personal driving services to Company directors and tourists alike.

He is a family man and having grown up in Cape Town, has an extensive knowledge of local hotels and conditions. He also possesses considerable experience in motoring throughout South Africa and is familiar with places of interest and scenic beauty.

I have known Anthony to be dedicated and hard-working and have no doubt he would put in extra effort in endeavouring to ensure that one's visit to South Africa is both enjoyable and memorable.

He is trustworthy and reliable and I can therefore recommend him in proving the service he offers.
